

tangent MCS-600

JUST THE SIZE YOU NEED..!

CONCERTHALL IN A BOX...!

Great hi-fi sound from a compact system - That is MCS-600.

Just looking for a lowprice minisystem which plays CD's and radio..? - Well, this is not a product for you. You must really enjoy listening to music and care for well engineered products before you choose Tangent MCS-600. It has heavy aluminium front panel, a powerful 2 x 60 watts amplifier and as many connections we could build in, including line in for your iPod on the front - just to mention a few features.

If you think this product looks nice, the just wait until you hear it...!
